Foster Billabong High International School, Hyderabad

DIRECTOR'S MESSAGE

Passionate, constructive, successful learning and progressive minds are twins.

– Ms. G. Sunitha Rani

25 years of Foster and 08 years of Foster billabong, proud to have achieved hegemony over our vision "To ignite human greatness by fostering a love of learning; A talent for thinking and respect for hard work" continued with a mission to provide a stimulating environment both infrastructural and intellectual to our young learners- testimonials are our speaking trees.

Accessibility to superlative edification during childhood and young adulthood, Experiential learning programmes, global diversity in core curriculum and diverse activity framework have always been our USP and we understand that it can make a real and remarkable change in later life.

A unique blend of National and International curriculum packed with life lessons and inspiring wisdom, well equipped 21st century tools to sharpen the young achievers and take them through the paths of creative & critical thinking, problem solving – empowered and propelled the students and the academic team to take on roles at par with international standards.

The British Council projects catapulted the global dimensions with the School being accredited with the International School award – ISA valid till 2021.The aim of providing outbound learning experiences to nurture the leadership qualities and life skills management in the students and the faculty steered FBHIS towards being a pioneer in transforming goals into action by being a host to the HYDERABAD CHAPTER OF IIMUN (Indian International Model United Nation).

"Safety-at-first @ FBHIS" has always topped one of our best practices list together with "Aware the masses" to spread the green message, won us an award for Excellent Performance and dedication towards environment protection.

A mission closer to the vision that the management embraced was the need to provide quality education to for all under the "INCLUSION POLICY". The special needs of a leaner are never deterrent @ FBHIS and it's a mini window of the real world outside and beyond school that our children will envisage. We accept risks and ambiguity coupled with a researched methodology & curriculum to empower ourselves towards purposeful teaching-learning in a heterogeneous classroom.

The CSR – Corporate Social Responsibility was the corner stone in helping our children to critically reflect upon the learning outcomes of the self-directed projects they initiated especially with reference to the manner in which they reached out to the Chennai flood victims.

My sincere gratitude to TEAM Foster billabong for their enthusiastic and untiring efforts in creating culturally, socially and morally aware global citizens.

PRINCIPAL'S MESSAGE

An investment in happy learning yields futuristic minds and realistic hearts.

Ms. Srilatha Channapragada

Shaping young, impressionable minds is one of life's biggest challenges more –so with gen z learners it's a herculean task. At Foster billabong High International, Hyderabad, we strive to infuse culture and values into our curriculum and help the students realise "Raison d'être" – the reason for being.

We understand 21st century is the beginning of the IOT era and students across the globe are surrounded by a cloud of information, easily available with a click of a button or artificially intelligent Alexa or Google assistant. Hence Our distinctive and noteworthy academic programmes encourage and exhilarate students to develop critical-thinking, creative thinking, problem solving, decision making, coping with stress and learn through enquiry and reason, to exchange thoughts and ideas, to develop key personal and social values, and to set goals to realize their own unique potential; Alexa or Google assistants are just support technologies for mere references as Zen Z's are digital natives.

The continuous interplay amongst the 5 E's Viz; Engage, Explore, Explain, Elaborate, and Evaluate and the authentic information flow amongst teachers, students and parents is pivotal to our on-going curriculum.

Kala Khoj – Talent hunt is parallel and ongoing process through cultural, sport and varied co-curricular and extra activities to widen the scope of education and make it more consequential for holistic development.

TEAM Foster billabong trusts that pre-eminence and virtuosity are the gradual result of always striving to do better, hence our Motto "In track of Excellence!"
