# NEP 2020 – SCHOOL EDUCATION STRUCTURE

## Transforming Curricular & Pedagogical Structure

Existing Academic Structure

New Academic Structure

New pedagogical and curricular structure of school education (5+3+3+4): 3 years in Anganwadi/pre-school and 12 years in school

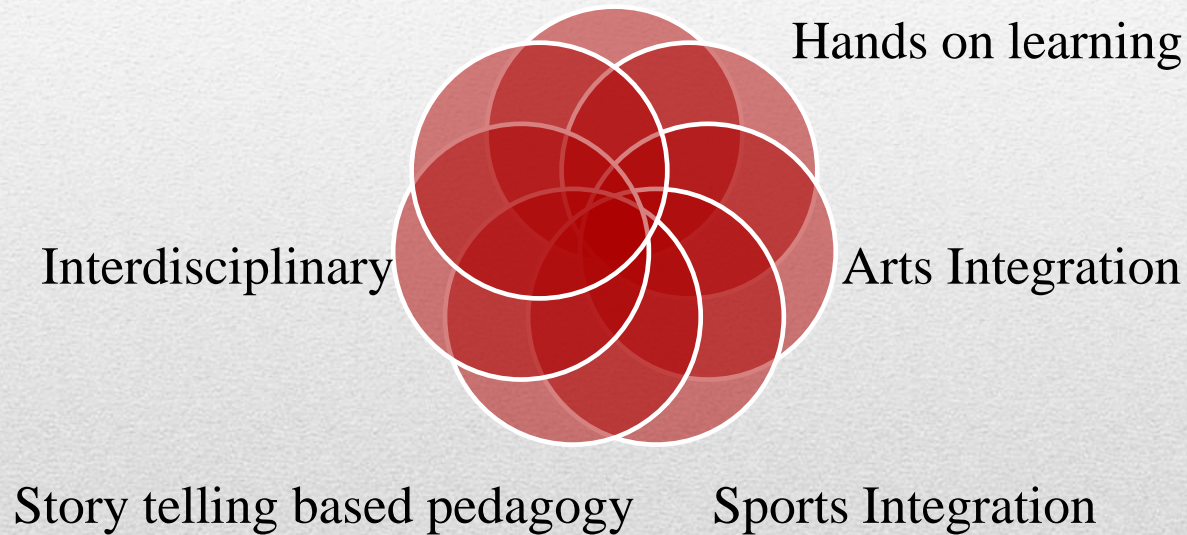

- **Secondary Stage(4)** multidisciplinary study, greater critical thinking, flexibility and student choice of subjects
- **Middle Stage (3)** experiential learning in the sciences, mathematics, arts, social sciences, and humanities
- **Preparatory Stage (3)** play, discovery, and activity-based and interactive classroom learning
- **Foundational stage (5)** multilevel, play/activity-based learning

- The key overall thrust of curriculum and pedagogy reform across all the stages will move the education system towards the real understanding and towards “learning how to learn” and away from the culture of rote learning as is largely present today.
- The aim of education will not only be cognitive development but also building character and creating holistic and well- rounded individuals equipped with key 21<sup>st</sup> century skills.
- All aspects of curriculum and pedagogy will be re-oriented and re-vamped to attain these critical goals.
- Curriculum frameworks and transaction mechanisms will be developed for ensuring that required skill sets and values are imbibed through engaging processes of teaching learning processes.

# Therefore

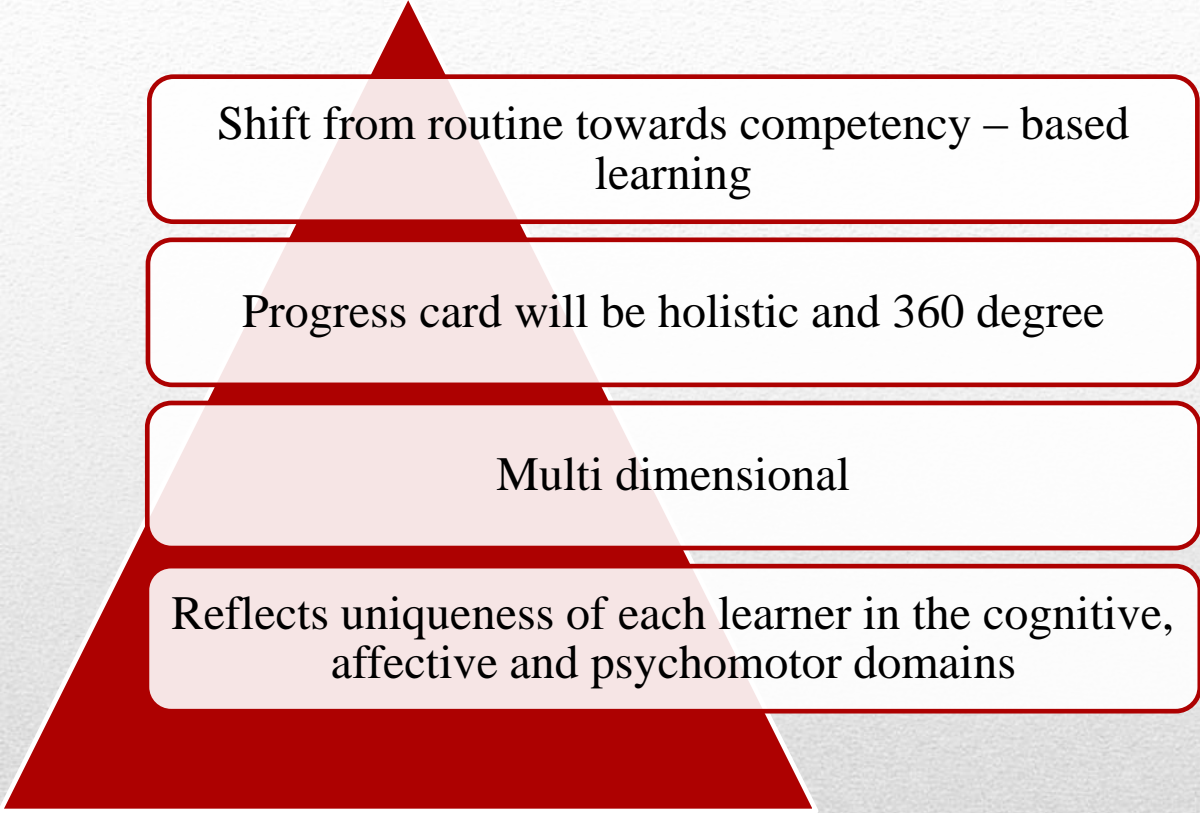

---

Experiential learning will be adopted in all stages of learning – mentioned above.

# Therefore

---

Shift from routine towards competency – based learning

Progress card will be holistic and 360 degree

Multi dimensional

Reflects uniqueness of each learner in the cognitive, affective and psychomotor domains

# Classroom Transactions

---

**There will be no hard separation among:**

Curricular

Extra Curricular

Co – Curricular

Arts

Humanities

Sciences

Vocational

Physical Education

Academic streams

**Empower students through flexibility**
