Subject: New National Education Policy - re

"National Education Policy will set the foundation for 21st century India. We've given extra impetus to this National policy for ensuring that it makes Indians more empowered and easily attractive to opportunities. We're moving to an era where an individual will not be stuck to a single profession all his life. Thus, he / she will continuously need to re-skill and up-skill himself / herself. We have kept this in contention while formulating the National Education Policy."

- Shri Narendra Modi

Dear Parents

1. PFA - Excerpt for the new NEP (National Education Policy 2020). Request all the parents to spend some time to read all the slides presented.
2. Foster Billabong High International School has already set standards and has been the best in providing a great platform for students to explore education and showcase their talents.
3. With great pride and enthusiasm we move forward to upgrade and start Grade XI from the Academic year 2022 -23.
4. Since the new Academic Structure is restructured and segmented into 5 + 3 + 3 + 4 (Foundational Stage + Preparatory Stage + middle Stage + Secondary Stage) - it is advised that Secondary Segment students have uninterrupted study from Grades IX to XII at ONE place and under ONE roof, primarily for three reasons:
 - A. Pedagogy of learning is becoming Holistic and Integrated - which requires a certain period of time for Assimilation.
 - B. Many students would have made cherishing bonds with friends and school - together learning becomes easy and enjoyable.
 - C. Clarity and Focus on Self Development and to be Future Ready - to meet unforeseen challenges and emerge as confident and responsible citizens.
5. You may write to info@fosterbillabong.net / principal@fosterbillabong.net for any query regarding New NEP 2020.

Regards

Foster Billabong High International School
